

vg\_draw\_rectangle

```
graph LR; A[vg_draw_rectangle] --> B[vg_draw_hline]; B --> C[vg_set_pixel];
```

A flowchart illustrating a sequence of three drawing operations. The first operation, 'vg\_draw\_rectangle', is highlighted with a gray background. A blue arrow points from it to the second operation, 'vg\_draw\_hline', which has a white background. Another blue arrow points from 'vg\_draw\_hline' to the third operation, 'vg\_set\_pixel', also with a white background. All three operations are contained within rectangular boxes with black borders.
